1.	09-02-2020	I personally feel that there should be half day on Saturdays so that we can revise all subjects in weekend and complete our manual work because we don't have enough time to study well in regular working days and it is very difficult to do all pending work on Sundays.		
2.		I feel that workload of DADH lab is quite high, I spend most of my time on single subject as a result of this my rest subjects are lacking behind.		
3.		Lecture hours are quite long (1.5 hours) According to me lecture hours should be only of 1 hour because it is very difficult to focus on one subject for 1.5 hours
