I.T.S CENTRE FOR DENTAL STUDIES AND RESEARCH

The I.T.S Centre for Dental Studies and Research (I.T.S-CDSR) was established in the year 2000, under the able guidance of **Dr. R.P. Chadha** (Chairman: ITS group of institutions) with an aim of providing Dental education and quality health care services.

Its main objectives were to develop patterns of teaching in undergraduate and postgraduate dental education in all branches, so as to demonstrate a high standard of dental education to all dental colleges and other allied institutions in India; to bring together in one place educational facilities of the highest order for the training of personnel in all important branches of health activity and to attain self-sufficiency in postgraduate dental education.

I.T.S has comprehensive facilities for teaching, research and patient care. Along with the dental education paramedical courses in biotechnology, physiotherapy and pharmacy are taught at I.T.S campus. The Institution awards undergraduate and postgraduate degrees under Chaudhary Charan Singh University, Meerut.

Teaching and research is conducted in 17 disciplines, I.T.S plays a leading role in the field of dental and medical research, having more than 122 research publications by its faculty in a year.

Total Nine clinical departments in the Dental OPD and Surya hospital, a speciality hospital is the in the campus catering to the needs of all types of disease conditions. Also it has community health centres.

DIRECTOR'S REVIEW

I am happy that the sixth Annual Report for I.T.S Centre for Dental Studies & Research, Murad Nagar, Ghaziabad has been published with a detailed description of the institute's activities.

I.T.S Centre for Dental Studies and Research was established by I.T.S Group of Institutions in 1995 under the able guidance of our esteemed Chairman **Dr. R.P Chadha**. I.T.S – CDSR was recognized by DCI for BDS course in 2005 and MDS in 2009, it is also a NAAC – A grade institute. I.T.S Group of Institutions is recognized as the one of premier private institution in the region.

Our Chairman has envisioned various systems like express and VIP cards and has introduced new software for quick and instant treatment of patients in the OPD. These activities of the institute have helped achieve a better service to the patients. The students of our institute brought great laurels both in the field of academics and extra-curricular activities.

The college has made tremendous progress in all academic, non-academic activities relevant to staff and students. During the academic session of 2017-2018, I.T.S group successfully organized National & International Conferences, PG Conventions, workshops and CDE Programmes.

The institute made another giant leap in the field of education as prominent name in the country by being Re-accredited by NAAC with Grade "A".

For the corresponding academic year the total intake was 50 postgraduate and undergraduate intake was 100. The postgraduate students immediately after joining the college are finely tuned to basic sciences and also research methodology. The undergraduate students under the mentor system have shown tremendous progress. Mentor is a faculty member and students are divided into small batches, throughout the year of study. Main aim is to mould the student in a better way and also to enlighten students on the benefits of dentistry and encourage them to achieve greater milestones.

. We have introduced oral implant courses for undergraduates as well, which will help in boosting their confidence level. This is based on the institute's progress in the field of dentistry. The total OPD in year 2016-2017 has increased.

The institute achieved a stupendous feat by creating the Guinness Worl Record for Most People using mouthwash simultaneously at Multiple Venues on 8th March 2018. This is a one of a kind achievement which no Dental college in North India has ever achieved before.

The faculty members are encouraged to participate in various training programs and are given the liberty to come up with various research activities. All these help in adding on to research work for betterment of the society.

Our college has a continuous evaluation system. We regularly conduct Tests & Assignments at knowledge level, Group discussions, seminars, quizzes at comprehension level and Case studies, Projects.

I wish the students, faculty and the institute to make greater progress in the field of dentistry and make the I.T.S Centre for Dental studies & Research, a premier institute.

The institute organized various conferences, workshops, cultural activities and organized celebration of various important days such as:

Research and Publication

The Department of Prosthodontics has a tie – up with Adin, Israel. Research grant announced for the faculty for various projects has generated various publications in the National and International Journals. The dissertation topics of the postgraduates have been accepted by the university. The college faculty has contributed to textbooks.

Curricular Aspects and Student Achievements

The mentor based educational system has generated laurels to our undergraduate students. The students of our college have topped the university exams. The institute has come up with dedicated research centre for postgraduate students and a well centre for advanced imaging with North Indias first CBCT (Cone Beam Computed Tomography) Unit was installed. It is the only among few dental institutes to have such a setup for research activities.

Continuing Professional Development and Education

The institute has started CPC's which are presented by faculty members, with an emphasis on recent advances. The college has conducted professional development programs, 12 CPC (Clinico pathological conference) presented by postgraduate students. In addition interns have started presenting Clinical Grand Rounds. The institute hosted 1 National Conference conference and multiple CDE's and Workshops for both undergraduates & postgraduates.

Student Cultural & Sport Activities

Inter -college scientific, cultural and sports activities were organized by the college under the name of EUPHORIA and OCCLUSION.

Out Patient Department and Extension Services

Our chairman, Dr R. P Chadha emphasis that the institute should provide a quick and effective treatment to the patients has introduced the VIP and expresses cards in the OPD. New software for the smooth functioning of OPD has been implemented. The camp programs and satellite centre has substantial increased the patient OPD in the institute.

Library

Around 158 books for both undergraduates and postgraduate (reference books) students have been added to the library. The total number of journal titles subscribed in the library is 72 in both hard and soft copies.

ACADEMIC SECTION

The academic section develops policy, plans and executes academic activities. It also administers intramural research projects. These activities encompass the undergraduate and postgraduate programmes for dental courses. These activities are conducted by the undergraduate and postgraduate dental cells.

UNDERGRADUATE EDUCATION

This section handles programmes for new students, develops and revises curriculum, and regulates training programmes including internal assessment for undergraduate students. The courses include BDS.

Bachelor of Dental Surgery (BDS)

As a part of the ongoing process of improving undergraduate education and making it relevant of the changing health scenario, the curriculum has been designed. The duration of the BDS course continues to be 5 years, including a one-year compulsory rotating internship. The training during this period is as follows:

One year:	Pre-clinical training
One year:	Para-clinical training
Two years:	Clinical training
One year:	Compulsory rotating internship

Every year 100 students are admitted to the BDS course. Filling up of the seats is done by screening and admission for these seats on the basis of UPCAT exams.

Merit Scholarships. Students securing the First, Second & Third position in College and University level in University Examination.

POSTGRADUATE EDUCATION

The Academic section looks after all activities pertaining to admission, selection and training of post graduate students. It handles all activities of the MDS and Diploma course.

The admission to all post graduate courses is done by UPCAT examination.

A total of 50 students were admitted to postgraduate course.

RESEARCH

The intramural research funds were allocated to faculty members to promote inter-departmental research and for the development/ acquisition of new techniques or skills not available at I.T.S. Projects were invited from all faculty members. These are reviewed by specialty review committees with special emphasis on encouraging participation by younger faculty members. Based on the recommendations the review committee, a committee chaired by the Director General allocates the research grants which range from Rs. 25,000 to Rs. 50,000 per annum.

OTHER ACTIVITIES

Convocation

During the annual convocation for the 13th BDS Batch and 9th MDS batch held on 20th February 2018, 150 students were awarded.

Committee Meetings

The academic Section is responsible for arranging the meetings of the HOD and Faculty for monthly basis.

Institute/ Annual Day

The **institute/ annual Day** is celebrated every year. A cultural evening was also organized on the same day.

UNDERGRADUATE AND POSTGRADUATE EXAMINATIONS

Details of various undergraduate and postgraduate professional examinations conducted by I.T.S Dental College :

BDS examinations – for the Regular Batch were held in 2017

MDS examinations – are scheduled for May 2018

6. SCIENTIFIC POSTERS/PAPER PRESENTED

S.NO.	FACULTY/PG	CONFERENCE DETAILS
1	Dr. Nikhil Sharma (Faculty)	Scientific presentation on topic 'GBR Around Implants' in international congress of academy of oral implantology conference on 13th -15th September 2019 at New Delhi.
2	Dr Rahul Chopra (Faculty)	Scientific presentation on topic 'GBR around Implants' in international congress of academy of oral implantology conference on 13th -15th September 2019 at New Delhi.
3	Dr Varun Tyagi (PG)	Presented poster on topic 'The pouch and tunnel technique with PRF membrane for management of multiple gingival recession- case series' at 44 th National ISP Conference 2019 at Bangalore on 8th,9th and 10th of November 2019
4	Dr Anisha Koul (PG)	Presented paper on topic 'Pink tissue management in an autologous way' at 44 th National ISP Conference 2019 at Bangalore on 8th,9th and 10th of November 2019
5	Dr Ritika Kabra (PG)	Presented paper on topic 'Pink tissue management in an autologous way' at

		44 th National ISP Conference 2019 at Bangalore on 8th,9th and 10th of November 2019
6	Dr Fariya Ashraf (PG)	Presented paper on topic 'A Novel Coronally Advanced Flap technique with modified triangular incisions in the treatment of Miller's Class I gingival recession- A Case Series' at 44 th National ISP Conference 2019 at Bangalore on 8th,9th and 10th of November 2019
7	Dr Sunaina Boro (PG)	Presented paper on topic 'A Novel Coronally Advanced Flap technique with modified triangular incisions in the treatment of Miller's Class I gingival recession- A Case Series' at 44 th National ISP Conference 2019 at Bangalore on 8th,9th and 10th of November 2019
8	Dr Udbhabana Kalita (PG)	Presented poster on topic 'The pouch and tunnel technique with PRF membrane for management of multiple gingival recession- case series' at 44 th National ISP Conference 2019 at Bangalore on 8th,9th and 10th of November 2019
9	Dr Medhavee Khare (PG)	Presented Research paper on topic 'Comparative evaluation of effects of subgingival application of ozonated oil

		gel versus chlorhexidine in patients of chronic periodontitis- A clinic-microbiological randomized trial’ at 18 th ISP P.G Convention In Jaipur on 19th – 21st April 2019
10	Dr Kavya Sangal Jain (PG)	Presented Research paper on topic ‘Dermatoglyphics- as a diagnostic marker in healthy, gingivitis and periodontitis patient- A clinical cross sectional study’ at 18th ISP P.G Convention In Jaipur on 19th – 21st April 2019
11	Dr Farheen Khan (PG)	Presented Research paper on topic ‘A comparative evaluation of the application of concentrated growth factor and platelet rich fibrin on depigmented gingival epithelium: A clinical and histological study’ at 18th ISP P.G Convention In Jaipur on 19th – 21st April 2019
12	Dr Preeti Sharma (PG)	Presented Research paper on topic ‘Adjunctive efficacy of synbiotics with mechanical and photodynamic and photodynamic therapy in the treatment of chronic periodontitis- A clinic microbiological study’ at 18th ISP P.G Convention In Jaipur on 19th – 21st April 2019

13	Dr Eiti Agrawal (PG)	Presented Research paper on topic ‘A comparative evaluation to assess the immediate effect of different power settings of diode laser and dentinal tubule sealant (MS COAT F) in the treatment of dentin hypersensitivity – A clinical study’ at 18th ISP P.G Convention In Jaipur on 19th – 21st April 2019
