I.T.S-Centre for Dental Studies & Research

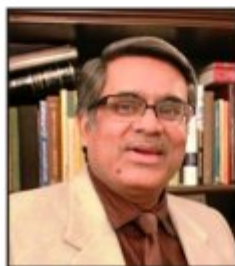

I.T.S Centre for Dental Studies and Research was established in the year 2000 and is located on Delhi-Meerut Road, Murad Nagar, Ghaziabad, barely 22 kms from ISBT, Delhi.

I.T.S Centre for Dental Studies and Research has come a long way since its inception. Although its ideals and principles have not changed, its approach to providing quality education has changed keeping pace in time with advancing technologies and techniques.

I.T.S Centre for Dental Studies and Research could very well exemplify the Latin quote "Nil Sine Labore" which means "nothing without labor". It embodies the commitment and relentless efforts of its management and staff both to make it an institution of excellence.

The college is surrounded by a number of neighboring villages, which provide the essential clinical material so vital for training in the field of Life Sciences and maintaining health care of both the rural and urban population.
