REPORT FOR YOUNG RESEARCHER AWARD PROGRAM

2022

I.T.S Centre for Dental studies and Research, Ghaziabad has always promoted research. The Young researcher award is a step in this direction to promote and recognize emerging young minds in the field of research where budding dentists could present unique ideas to revolutionise dental health care. The award is being granted to our promising Undergraduate and Postgraduate students as an endeavour to instil innovative thinking and bring out the best research ideas amidst the students.

The students underwent a rigorous initial scrutiny after which 23 undergraduate (3rdYear B.D.S, 4thYear B.D.S and Interns) and 5 postgraduate ideas were shortlisted as finalists for the Young researcher award. The students came up with various distinctive ideas pertaining to newer technological developments, artificial intelligence, and medical advancements.

An External committee review meeting was organised on 6th August 2022. The committee constituted of senior faculty members as expert reviewers. Dr. Amina Sultan (Professor and Head, Dept. of Pediatric and Preventive Dentistry at Jamia Milia Islamia, New Delhi) and Dr. Amrish Bhagol (Professor, Department of Oral Surgery, PGIDS, Rohtak) as external experts and Dr. Sumit Malhotra (Professor and Head, Dept. of Periodontology), Dr. Piush Kumar (Professor, Dept. of Orthodontics and Dentofacial Orthopedics), Dr. Rahul Kashyap (Professor and Head, Dept. Of Oral Surgery), Dr. Shivani Mathur (Professor and Head, Dept. of Pediatric and Preventive Dentistry), Dr. Gaurav Issar (Head of Dept. of Implantology) and Dr. Akshay Rathore (Reader, Dept. of Oral Medicine and Radiology) as Internal Expert committee members.

This venture was aimed to encourage the students to think beyond the horizons of mainstream dentistry and formulate ingenious solutions towards advancement in the field of dentistry.

The following projects were selected by the review committee meeting:

UNDERGRADUATE PROJECTS:

1. Divya Gupta, Tanya Attre (**Interns**): Chair Disinfection Unit
2. Devika Yadav, Sonali Tyagi (**4th Year**): Smart Tooth Brush

POSTGRADUATE PROJECTS:

1. Dr. Ipshita Yadav, Dr Surabhi Aggarwal: **Modified Automated Dental Chair**
2. Dr. Ketki Kashyap: **Bite & Light bite block**

- The students shall be awarded the proposed award amount as per the college policy and will also be given certificates in a relevant college function.
- We would like to thank the management for providing such an excellent platform for students to encourage research and ignite young minds to propagate their careers and help in their academic progress.
