Curriculum Based Feedback Policy

The institution has been strict in abiding to the Vision and Mission that it caters to its stakeholders through its quality curriculum component.

To make the curriculum at par we are having a variety of feedbacks / inputs through which we continuously transcend our curricula to meet the expectations of the students.

The following is the set of feedback that the institution gets from the different stakeholders in setting up a quality curriculum. In regards with the feedback system, we have the following mechanisms to ensure the improvisation of the curriculum.

Feedback from the students

Students would be asked to provide their feedback through online feedback forms. The forms thus would be documented and evaluated to get the actual change in curriculum by the academic council.

Feedback from the faculty

The faculty members would provide his / her feedback through online feedback forms. The feedback is considered as one of the important component that would be taken into account and any alterations would be incorporated based on the feedback by the academic council.

Feedback from Alumni

Alumni of the institute would be asked to provide their online feedback on the website of the institute. Since alumni do have an idea on how exactly has the curriculum helped him in acquiring a job opening or a higher education opportunity, this component would be taken into account and any alterations would be incorporated based on the feedback by the academic council.

There should be a centralised system for documentation of data as lot of time is wasted while compiling, sending and retrieving same data repeatedly. More support of bds tutors and trained computer operator should be provided. College canteen should be improved for students, patients and faculty.

Csa need to be more efficient.

NO

More Integrated program to be done

There should be a centralised system for documentation of data as lot of time is wasted while compiling, sending and retrieving same data repeatedly. More support of bds tutors and trained computer operator should be provided. College canteen should be improved for students, patients and faculty.

Csa need to be more efficient.

NO

More Integrated program to be done
