Delhi-Meerut Road, Muradnagar, Ghaziabad  
**Department of Conservative Dentistry & Endodontics**

**Report of Webinar on 12<sup>th</sup> December, 2024**

**1. General**

A webinar was organized by the Department of Conservative & Endodontics, I.T.S Dental College, Ghaziabad on 12<sup>th</sup> December, 2024. A circular dated December 6<sup>th</sup>, 2024 was published for the Event.

**2. Objectives**

An Online webinar titled "Management of crown fracture" was conducted by Dr. Ajay Logani. The program aimed to provide undergraduate and postgraduate students a comprehensive understanding of different types of crown fractures and their management.

**3. About the speaker**

Dr. Ajay Logani heads the department of Conservative Dentistry & Endodontics at All India Institute of Medical Sciences New Delhi. He is known to have pioneered in regenerative endodontics and his work is extensively cited. He has special interest in forensic odontology and dental traumatology. He is a member of international society of Dental Research. He is the Founder president of the Indian Society of Dental Traumatology (ISDT).

**4. Attendee**

The following is the summary of participants in all the programs

1. Faculty - 33
2. Post Graduates - 113
3. Students - 49

### 5. About the Event

The event took place on 12<sup>th</sup> December 2024 in Kalpana chawla auditorium from 9am onwards. The program was hosted by Dr. Sonali Taneja, Head of the Department of Conservative Dentistry and Endodontics. The event was attended by 195 participants including head of the departments, faculty members, post-graduate students and undergraduate students. The guest speaker for the Webinar program was Dr. Ajay Logani, who has vast knowledge in the field of Dental Traumatology. The program commenced with an insightful introduction about "Management of Crown Fracture", followed by an elaborate discussion on all treatment modalities. The session concluded with a lively question and answer segment, showcasing the enthusiastic participation of the audience.

### 6. Outcome

This Program provided the opportunity to enhance knowledge about management of crown fractures resulting from traumatic injuries. The webinar also highlighted on various modalities for managing complex crown fractures effectively.

## DEPARTMENT OF ORAL PATHOLOGY AND MICROBIOLOGY

Webinar on the topic “Collaboration of clinicians and pathologists: A marriage of necessity” held on 13/11/2024

### **1. General**

The webinar on the topic “**Collaboration of clinicians and pathologists: A marriage of necessity**” by renowned speaker **Dr. Kiran Kumar, Professor, Dept. of Oral and Maxillofacial Pathology, SDM College of Dental Sciences and Hospital, Dharwad, Karnataka** was held in Board Room on 13/11/2024 (Wednesday) from 01:30 pm onwards. A circular dated 11.11.2024 was published for the program.

### **2. Objectives**

The program aimed to provide a comprehensive understanding of how to bridge the gap between clinicians and pathologists. The primary objectives of the program were as follows:

1. Introduce postgraduates and interns the basics of handling of information by clinicians for oral lesions.
2. Familiarize the participants with the importance of clinicopathologic correlation in diagnosing white lesions.
3. Enhance the knowledge and skills of participants in diagnosing any such lesion.

### **3. About the event**

The event took place on 13<sup>th</sup> November, 2024 in the Board room from 01:30 PM onwards. The program was hosted by Dr. Anshi Jain, Professor, Department of Oral Pathology, I.T.S Dental College.

The program commenced with an insightful introduction about **“Collaboration of clinicians and pathologists: A marriage of necessity.”** Five basic principles of collaboration were discussed i.e., adequate information by clinician, handling of biopsy, turn around time for biopsy, Radical neck dissection and Institutional guidelines for biopsy. The session also highlighted few salient features to look out in histological sections in order to reach a confirm diagnosis.

The cases were also correlated with the clinical appearance as well as its history. The program successfully provided a solid foundation for the participants to incorporate this knowledge into their basic diagnosing skills and formulate a relevant chair side provisional diagnosis of the same.

#### **4. Attendees**

A total of 13 faculty members along with 45 postgraduates and 10 interns attended the webinar program.

#### **5. Outcome**

The Webinar Program organized by the Department of Oral Maxillofacial Pathology and Microbiology was highly successful in achieving its objectives. The attendees gained valuable insights into the ways of collaboration of clinicians and pathologists. The faculty members played a pivotal role in the success of the event. They participated enthusiastically, demonstrating a wealth of knowledge and expertise in the field of oral pathology.

#### **6. Conclusion**

The Webinar program organized by the Department of Oral and Maxillofacial Pathology and Microbiology provided a comprehensive outlook on sequential way of formulating the diagnosis. The program successfully introduced the participants about the importance of clinicopathological correlation and how it aids in formulating a precise diagnosis. The postgraduate students along with the faculty members were interactive during the Q & A of sessions of the lecture. Overall the program was instrumental in reinforcing the theoretical and clinical knowledge and preparing the participants for the challenges of routine clinical diagnosis.

**Department of Oral Medicine and Radiology**

**Report on CDE Programme and Workshop on "Injectables in Orofacial Region and Aesthetics: A primer for Clinicians"**

**on 15<sup>th</sup> February 2025**

**General**

CDE Programme was organized by Department of Oral Medicine and Radiology in Kalpana Chawla Auditorium at I.T.S Dental College, Ghaziabad on Saturday, 15<sup>th</sup> February 2025.

**Objective**

The objective of the CDE program was to provide dental professionals with advanced knowledge and practical skills in performing injectables in Oro-facial region for aesthetics and pain management.

**About the Speaker**

- The Guest speaker of the program was Dr. Athreya Rajagopal BDS, MDS, PhD, FAM, FAD, Oral and Maxillofacial Surgeon with more than 13 years of clinical experience.
- He has done fellowship in facial aesthetic medicine & aesthetic surgery (Germany).
- He also received training in facial cosmetology & facial aesthetics surgery from South Korea and fellowship training in cleft & craniofacial surgery.
- He is a Certified implantologist with a fellowship in oral implantology.

**About the program**

- The program was commenced by virtuous Saraswati Vandana followed by lighting of the lamp followed by felicitation of the honorable dignitaries. The inauguration ceremony was graced by presence of Respected Director-Principal, Dr. Devi Charan Shetty sir, Deans, Head of the Departments, senior faculty members and delegates.
- This was followed by a series of lectures on a wide variety of topics such as Introduction to Facial Anatomy and Indications of Steroids, Botox, PRP and PRF and Practical applications and clinical considerations.
- This was followed by live and interactive demonstration of Injectables in Oro-facial region for the participants.
- A Hands-On workshop was conducted where participants injected Botox, PRP, steroids, diagnostic blocks and performed prolotherapy in patients under the supervision of the eminent speaker.

8:00AM – 10:00 AM	Registration
10:00AM - 10:30AM	Inauguration
10:30AM - 11:30AM	<b>Lecture-1</b> Introduction to Facial Anatomy and Indications of Steroids, Botox, PRP and PRF
11:30AM - 12:00 PM	High Tea
12:00PM - 01:00 PM	<b>Lecture-2</b> Practical applications and clinical considerations
1:00PM - 2:00 PM	<b>Live Demonstration of Injectables on Patients</b>
2:00PM - 2:30 PM	Lunch Break
2:30PM - 5:00 PM	<b>Hands-on</b> by the Participants

### Minute to Minute

Timings	Event
10:00 am to 10:10 am	Inauguration and Welcome of Dignitaries, Lightning of Lamp and Saraswati Vandana
10:10 am to 10:15 am	Introduction to program by <b>Dr. Akshay Rathore</b>
10:15 am to 10:20 am	Address by Guest Speaker <b>Dr. Athreya Rajagopal</b>
10:20am to 10:25 am	Address by Director-Principal, <b>Dr. Devi Charan Shetty</b>
10:25 am to 10:30 am	Presentation of Memento to the Speaker by Director-Principal, <b>Dr. Devi Charan Shetty</b>

**Dr. Akshay Rathore, MDS**

Professor & Head

Department of Oral Medicine & Radiology

LTS-Centre for Dental Studies

Mumbai, Maharashtra

### Lecture Content

**Dr. Akshay Rathore:** delve core knowledge about the Oro-facial pain, biofeedback mechanism, sensitization, diagnostic approach and management strategies.

**Dr Athreva Rajagopal:** gave a deep insight on temporomandibular joint, intrarticular injections and the utilization of injectables in the orofacial region, their considerations and techniques for aesthetics and pain management.

### Live Demonstration and Hands-On

After receiving profound knowledge from lectures, delegates got opportunity for live demonstration on patients. Detailed live demo was given on different patients for Botox, PRP, Steroids and diagnostic blocks with discussion on case selection, armamentarium and clinical considerations. Following the live demonstration, participants actively engaged in a hands-on workshop where they injected Steroids, Botox and PRP, performed prolotherapy under the guidance of experienced facilitators on varied cases which included myofascial disorder, trigger point myalgia and TMJ disorder and few indicated cases for facial aesthetics.

### Outcome

Participants gained a deep understanding of aesthetics and pain management through injectables in Orofacial region. The program gave the participants detailed insight in the current concept of Oro-facial pain and management.

### Conclusion

The program highlighted the need of understanding Orofacial pain, which in current scenario is very poorly understood and gave the participants a comprehensive overview of diagnosis, armamentarium and management of patients suffering from pain. Our sincere thanks to our Honorable Chairman, I.T.S.- The education Group, Dr. R.P. Chadha for his invaluable support and for envisioning such programs for the benefits of students and faculty also.

### Scope of Improvement

There should be an LED screen in the geriatric clinic so that the operator can better visualize what the audience is seeing in the auditorium and also can have visual interaction with participants.

**GUEST SPEAKER**

**Dr. Athreya Rajagopal**  
MDS, PhD, FAM, FAD  
Dr. Athreya Rajagopal is a highly skilled figure in the field of oral and maxillofacial surgery and facial aesthetics. He has completed his education in facial orthodontics, medicine and surgery from Germany and South Africa in his field. Presently, Dr. Rajagopal is working in a reputed hospital and associated with various institutions and has been routinely training dental practitioners the AYUSH System of Yoga & Herbs for Oral Facial Physical Aesthetics.

**I.T.S Centre for Dental Studies & Research** is a premier ranked college for training and skill enhancement in the field of Dentistry for the past 25 years. The experience for gen-x dentists is carefully provided with amalgamation of technology, research and patient care. The institute also has a highly acclaimed campus with all modern facilities. I.T.S dental College, Muradnagar is ranked No. 1 Dental College in North India with NAAC accredited A grade.

**Background**

Injectables have become a valuable tool in the management of pain and aesthetic in the oro-facial region offering as a minimally invasive solution. As newer modalities and formulations emerge, the need for comprehensive knowledge and skill development become increasingly critical. Continuing education on these innovations empower dental professionals to deliver both therapeutic and aesthetic care with precision and confidence.

**Learning Objectives**

The program aims to enhance the skills and knowledge of dental professionals to improve patient care and outcomes in management of pain and aesthetics using newer modalities and techniques with inclusion of Steroids, Botox, PRP and PRF in clinical practice.

REMARKS The CDE program emphasized the central concepts in Orofacial pain and give an overview of the available modalities for management of Orofacial pain & TMJ disorders. The focus was on the use of Injections in off with prime inclusion of Botox, steroids and PRP. The participants gave a very good feedback about the program, the diversity of techniques discussed & the L.Ne. demand based program where everyone individually did treatment using injectables. - The treatment techniques showed in the CDE need to be implemented & incorporated in the Department

## **EVENT REPORT**

### **Department of Oral Medicine and Radiology**

**Webinar – 18<sup>th</sup> June 2024 (Tuesday)**

#### **“Oral Physician and the role in General Dental Practice”**

##### **1. General**

Monthly Institutional Webinar was conducted by the Department of Oral Medicine and Radiology on the Topic “Oral Physician and the role in General Dental Practice” by renowned speaker Dr. Gopa Kumar Nair on 18/6/2024, Tuesday.

**About the Speaker** -Dr. Gopa Kumar Nair is a Senior professor and a consultant oral physician and maxillofacial radiologist and certified implantologist at his own Cosmopolitan Dental clinic in Jayanagar Bengaluru. Dr. Gopa Kumar R Nair till Dec 2022 worked as the professor and head of the department of oral medicine & radiology at KD dental college and hospital Mathura, Uttar Pradesh. A proud alumnus of the prestigious AB Shetty Memorial Institute of Dental Sciences where he spent the first fifteen years of his career in academics as a teaching faculty there. His career as an active academician spans over 34 years. He has adorned the post of principal at Mahatma Gandhi dental college Jaipur Rajasthan and also Mahe Institute of dental sciences Pondicherry state.

##### **2. Objectives**

The primary objectives of Webinar were to:

1. Importance of Oral health for healthy body and living.
2. Role of Oral Physician in seeking conditions that are the first warning signs for any systemic diseases.
3. The importance of recognizing oral manifestation of systemic diseases.

##### **3. About the event**

Webinar conducted by the department of Oral Medicine and Radiology on the topic “Oral Physician and the role in General Dental Practice” was spoken by Dr. Gopa Kumar Nair. The speaker explained the importance of examining oral cavity such as buccal mucosa, tongue, palate etc. during general dental checkup and treatment to rule out any condition that can be the warning sign of different systemic diseases or physiologic conditions like Diabetes, Pregnancy

etc.

The speaker talked in detail about a variety of cases we encounter in day to day practice and showcased wide spectrum of clinical scenarios with a practical approach for identification, diagnosis and management. Also, speaker focused the use of various modalities like TENS, Sialo-endoscopy, Laser and 3-D printing and Artificial Intelligence in today's modern era.

#### **4. Attendees**

The following is the summary of attendees for the programme.

- a) Total no. of Postgraduate students who attended the programme: 17
- b) Total no. of faculties who attended the programme: 11

#### **5. Outcome**

The program was appreciated by all the attendees and everybody was clear about the perspective and importance of oral health in identifying the systemic conditions and also in further incorporation of Oral Medicine in day to day clinical practice.

#### **6. Conclusion -**

Webinar was graced by Director – Principal Sir, Dr Devi Charan Shetty, Deans of the Institute. Event was attended by heads of all departments and post-graduate students and gave everyone in-depth insight into the practical scenarios, on how to implement for effective diagnosis and management.

**REPORT**  
**WEBINAR**

**SCOPE OF DOING MDS IN PUBLIC HEALTH DENTISTRY**

**(19<sup>th</sup> June 2024)**

**1. General**

There are various work opportunities for dental students after BDS. One of the most prestigious options is pursuing MDS. MDS in Public Health Dentistry helps the dentists to cater to a larger population and thereby address their oral health needs.

**2. Objectives**

The objective of the webinar is to impart knowledge on various career options after BDS and scope of doing MDS in Public Health Dentistry.

**3. About the event**

The webinar was hosted by the Department of Public Health Dentistry. The topic for the webinar was “Scope of doing MDS in Public Health Dentistry” by renowned speaker Dr. R. Pradeep Kumar, Professor and Head (Admin.), Department of Public Health Dentistry, Saveetha Dental College, Chennai. Faculty members and postgraduate students of Department of Public Health Dentistry, interns and BDS final year students attended this program.

**4. Outcome**

The webinar was conducted on 19<sup>th</sup> June 2024 which was an attempt to explain the scope of doing MDS in Public Health Dentistry.

**5. Conclusion**

The program was attended by faculty members and postgraduate students of Department of Public Health Dentistry, interns and BDS final year students. It highlighted the scope of doing MDS in Public Health Dentistry.

I.T.S DENTAL COLLEGE, GHAZIABAD  
Department of Prosthodontics and crown & bridge

January 22<sup>nd</sup>, 2025

**Web Release prosthodontist day**

Under the guidance of our Honorable **Vice Chairman, I.T.S – The Education Group, Mr. Arpit Chadha**, Prosthodontist Day was celebrated by the Department of Prosthodontics and Crown & bridge ,I.T.S Dental College, Ghaziabad on 22<sup>nd</sup> January, 2025.

The speaker of the program was Dr. Vibha Shetty, Professor, Department of Prosthodontics and Implantology, Faculty of Dental Sciences, Ramaiah University of Applied Sciences, Bangalore who talked on the topic: “Prosthodontic Treatment Options in Implant Dentistry.”

The objective of the webinar was Enhancing participants' understanding of Prosthodontic treatment options in implant dentistry .Equipping attendees with the knowledge to make informed clinical decisions and adopt modern techniques. Inspiring students to explore further advancements and research in the field of implant prosthodontics.

The program was attended by Deans, Head of departments, Faculty members & Post graduate students.

We are grateful to our honorable **Vice Chairman, I.T.S – The Education Group Mr. Arpit Chadha** for guiding us in organizing this event.

# **I.T.S DENTAL COLLEGE, GHAZIABAD**

## **Department of Oral Maxillofacial Surgery**

### **EVENT REPORT**

**Webinar – 22<sup>nd</sup> July 2024 (Monday)**

#### **“Dynamic Navigation – A Breakthrough Tech in Precision Implant Dentistry”**

##### **1. General**

Institutional Webinar was conducted by the Department of Oral Maxillofacial Surgery on the Topic “Dynamic Navigation – A Breakthrough Tech in Precision Implant Dentistry” by renowned speaker Dr. Sudhakar K on 22/07/2024, Monday.

**About the Speaker** - Dr. Korukonda N.V Sudhakar is a renowned doctor in Visakhapatnam. He specialises in Oral & Maxillofacial Surgery. He has over 20 years of experience practising medicine in various hospitals and clinics. Dr. Korukonda N.V Sudhakar is now working with KSR Laser Dental Hospital. Dr. Korukonda N.V Sudhakar specialises in Maxillofacial Trauma, Artificial Teeth, Fixed Partial Denture (FPD), Dental Implant Fixing, Oral & Maxillofacial Surgery, Complete/Partial Dentures Fixing. Apart from hospital affiliations, He has been working actively in various fields. He has been an active member of Indian Dental Association. Dr. Korukonda N.V Sudhakar finished His BDS from Bapuji college of dental sciences, Davangere. Thereafter, Dr. Korukonda N.V Sudhakar earned MDS - Oral & Maxillofacial Surgery from Bapuji college of dental sciences, Davangere.

##### **2. Objectives**

The objectives of Webinar were to:

- Introduce dynamic navigation technology and its components in implant dentistry.
- Evaluate the clinical benefits and precision achieved with dynamic navigation systems.
- Explore patient satisfaction and outcomes using dynamic navigation for dental implants.
- Discuss future advancements and potential innovations in dynamic navigation technology.
- Provide guidelines for integrating dynamic navigation into dental practice and training.

### **3. About the event**

Webinar conducted by the Department of Oral Maxillofacial Surgery on the topic “Dynamic Navigation – A Breakthrough Tech in Precision Implant Dentistry” was spoken by Dr. Sudhakar K. During the presentation on dynamic navigation in precision implant dentistry, the speaker emphasized its transformative impact on surgical accuracy and patient outcomes. Highlighting advancements in real-time imaging and computer-guided navigation, the speaker showcased how these technologies enhance precision during implant placement, thereby improving treatment efficacy and patient comfort. Case studies and clinical data were presented to illustrate reduced procedural times and enhanced success rates compared to traditional methods. The presentation also discussed future directions for the technology, emphasizing ongoing innovations in software and imaging modalities. Attendees gained valuable insights into integrating dynamic navigation into practice workflows and the importance of continued education for optimizing its benefits in dental implant procedures.

### **4. Attendees**

The following is the summary of attendees for the programme.

- a) Total no. of Postgraduate students who attended the programme: 13
- b) Total no. of faculties who attended the programme: 14

### **5. Outcome**

The program was appreciated by all the attendees and everybody were clear about the perspective and importance of dynamic navigation technology and its components in implant dentistry and to evaluate the clinical benefits and precision achieved.

### **6. Conclusion -**

Webinar was graced by our Head of the Department Dr. Arunkumar KV, Dr. Amit Gupta (Professor and Implant Course Coordinator), Dr. Sumit Malhotra (Head of Dept. of Periodontics), various other faculties and post-graduate students and gave everyone in-depth insight into the practical scenarios, on how to implement dynamic navigation technology and its components in implant dentistry.

### **Report of CDE Program on “Zygomatic Implants” by**

**Dr. Divye Malhotra**

**(23<sup>rd</sup> November 2024 , Saturday)**

#### **1. General:**

A CDE Program (Lecture, Live Surgical Demonstration & Hand-On Workshop) on the “Zygomatic Implants” was organized by the Department of Oral and Maxillofacial Surgery , I.T.S Centre for Dental Studies & Research , Ghaziabad on 23<sup>rd</sup> November 2024( Saturday).

A Circular Ref. No. I.T.S-CDSR/Director-Principal/2024/204 dated 20<sup>th</sup> November 2024 was issued for the same.

#### **2. Objectives:**

The objective of the CDE Program was to enhance the skills & knowledge of participants for prosthetic and surgical solution for two stage and immediate loading protocols and associated complications with the Zygomatic Implants.

#### **3. About the Speaker:**

- The Guest Speaker of the program was **Dr. Divye Malhotra** BDS, MDS, Oral and Maxillofacial Surgeon with a 18 years of clinical experience.
- He has also done advanced study in aesthetic dentistry through continuing dental education program , State university of New York at Buffalo and TMJ surgery residency program Tuscon Arizona USA support by Nexus CMF.
- He has extensive training in Oral Oncology and reconstructive Surgery at Kidwai Memorial Institute of Oncology at Bangalore.

#### **4. About the Program:**

- The event commenced with the inauguration ceremony followed by felicitation of all the honorable dignitaries. The event was graced by the presence of respected chairman Mr. R P Chadha ,Director-Principal Dr. Devi Charan Shetty, Deans, Head of the Departments, senior faculty members& delegates.
- This was followed by a series of lectures on a wide variety of topics such as Treatment Planning, Surgical and Prosthetic considerations on Zygomatic Implants.
- This was followed by live and interactive surgical demonstration & Prosthetic protocol techniques for the participants.
- A Hands-On workshop was conducted where participants placed Zygomatic Implants on 3D printed models under supervision of the eminent speaker.

#### **5. Number of Participants:**

##### **1. Total No. Of Participants:**

- **Lecture & Demonstration – 117**  
Faculty- 10  
PG- 53  
Alumini-01  
Interns - 53
- **Lecture, Demonstration & Hands On Workshop – 20**  
Faculty- 02  
PG- 13  
Private Practitioner- 05

## 6. Outcome:

This robust CDE Program provided the opportunity for the participants to learn about the Application of the Zygomatic Implants, implant treatment protocol in different clinical situations, and improving understanding and decision making in clinical practice of Implantology.

## 7. Conclusion:

Our sincere thanks to our Honorable Vice Chairman, I.T.S-The Education Group, Shri Arpit Chadha for his invaluable support and for envisioning such programs for the benefit of our students and faculty also.

**GUEST SPEAKER**

**Dr. Divye Malhotra**

MDS Oral & Maxillofacial Surgeon

Dr. Divye is a specialist in the field of Zygoma implants. He is an eminent guest speaker for Bioline dental implants and associated with smile train and Head & neck cancer foundation.

I.T.S Centre for Dental Studies & Research is a premier ranked college for training and skill enhancement in the field of Dentistry for the past 25 years. The experience for gen-x dentists is carefully provided with amalgamation of technology, research and patient care. The institute also has a highly acclaimed campus with all modern facilities. I.T.S dental College, Muradnagar is ranked No. 1 Dental College in North India with NAAC accredited A grade.

**Background**

Zygomatic implants are evidence based prosthetic and surgical solution for two stage and immediate loading protocols. It's a graftless procedure that avoids sinus augmentation, saves time and money. Indicated in severely atrophied maxilla rehabilitation after tumour resection, trauma, failure of conventional implant and failure of bone graft or sinus augmentation.

**Learning Objectives**

Zygomatic implant placement and protocol. Surgical and prosthetic aspects of successful rehabilitation of severely atrophic maxilla.

Live surgical demonstration on patient.

# आईटीएस डेंटल कॉलेज में एक दिवसीय सीडीई एवं कार्यशाला कार्यक्रम का आयोजन

तवर न्यूज आस मोहम्मद मुरादनगर। आईटीएस डेंटल कॉलेज, गाजियाबाद के ओरल एंड मैक्सिलोफेशियल सर्जरी विभाग द्वारा दिनांक 23 नवंबर, 2024 को एक दिवसीय सीडीई एवं कार्यशाला कार्यक्रम का आयोजन किया गया। जिसका विषय "जाइगो मैटिक इम्प्लांट्स" था। इस कार्यशाला में देश के विभिन्न डेंटल कॉलेजों के 120 से अधिक बीडीएस छात्र एवं एमडीएस के विद्यार्थियों के साथ-साथ सभी दंत विभागों के दंत चिकित्सक शामिल थे।

इस कार्यक्रम के मुख्य अतिथि वक्ता डॉ दिव्य मल्होत्रा थे। डॉ दिव्य ओरल और मैक्सिलोफेशियल सर्जरी के क्षेत्र में सबसे प्रतिष्ठित चिकित्सकों में से एक हैं। डॉ दिव्य ने उन्नत जाइगोमैटिक अवधारणाओं का उपयोग करके जाइगोमैटिक इम्प्लांट पर राष्ट्रीय और अंतरराष्ट्रीय स्तर पर विभिन्न व्याख्यान प्रस्तुत किये हैं। उन्होंने जाइगो मैटिक और पेट्रोगॉइड इम्प्लांट के लिये विभिन्न चिकित्सकों को भी प्रशिक्षित किया है।

डॉ दिव्य बायोलाइन इम्प्लांट्स से जुड़े हैं और स्पाइल ट्रेन और हेड एंड नेक कैंसर फाउंडेशन से जुड़े हैं। इस कार्यक्रम का शुभारंभ मुख्य अतिथि वक्ता डॉ दिव्य मल्होत्रा,

आईटीएस-द एजुकेशन ग्रुप के चेयरमैन डॉ आर पी चड्ढा के द्वारा माँ सरस्वती के सामने दीप प्रज्वलित करके किया गया। उद्घाटन समारोह के दौरान संस्थान के डायरेक्टर-प्रिंसिपल, डॉ देवी चरण शेट्टी, ओरल सर्जरी विभाग के एचओडी के साथ-साथ संस्थान के सभी दंत विभागों के एचओडी एवं दंत चिकित्सक भी उपस्थित रहें। इसके बाद डॉ देवी चरण शेट्टी ने सभा को संबोधित करते हुए सभी प्रतिभागियों को इस कार्यक्रम में भाग लेने के लिये धन्यवाद दिया। कार्यशाला के दौरान डॉ दिव्य के द्वारा जाइगोमैटिक

इम्प्लांट्स जैसे महत्वपूर्ण विषय पर व्याख्यान प्रस्तुत किये, जिसमें उन्होंने इस विषय से जुड़ी नवीनतम प्रक्रियाओं से सभी प्रतिभागियों को अवगत कराया तथा इसके बारे में तथ्यों पर सभी को पूर्ण जानकारी भी प्रदान की।

उन्होंने जाइगोमैटिक इम्प्लांटोलॉजी में शामिल सर्जिकल प्रक्रियाओं के साथ-साथ संकेतों और फायदों के बारे में बताया। इस एक दिवसीय कार्यशाला का उद्देश्य दंत चिकित्सकों को जाइगोमैटिक इम्प्लांटोलॉजी के क्षेत्र में ज्ञान बढ़ाना था। जिससे वह भविष्य में मरीजों को

उत्तम तकनीक द्वारा बेहतर उपचार प्रदान कर सकें। डॉ दिव्य ने जाइगोमैटिक इम्प्लांटोलॉजी स्किल्स को सशक्त बनाने हेतु सभी प्रतिभागियों का मार्गदर्शन किया एवं प्रतिभागियों द्वारा पूछे गये सभी प्रश्नों के उत्तर भी दिए, जिसके लिये सभी प्रतिभागियों ने उनकी सराहना की। इस कार्यक्रम के माध्यम से सभी प्रतिभागियों को सर्वश्रेष्ठ क्लीनिकल ज्ञानवर्धक मंच प्रदान करने के लिये सभी ने आईटीएस - द एजुकेशन ग्रुप के चेयरमैन डॉ आरपी चड्ढा तथा वाईस चेयरमैन अर्पित चड्ढा को धन्यवाद दिया।

# आईटीएस डेंटल कॉलेज में एक दिवसीय सीडीई एवं कार्यशाला कार्यक्रम का आयोजन

उदय भूमि संवाददाता

गाजियाबाद। दिल्ली मेरठ रोड स्थित आईटीएस डेंटल कॉलेज के ओरल एंड मैक्सिलोफेशियल सर्जरी विभाग द्वारा शनिवार को एक दिवसीय सीडीई एवं कार्यशाला कार्यक्रम का आयोजन किया गया। जिसका विषय "जाइगोमेटिक इम्प्लांट्स" था। इस कार्यशाला में देश के विभिन्न डेंटल कॉलेजों के 120 से अधिक बीडीएस छात्र एवं एमडीएस के विद्यार्थियों के साथ-साथ सभी दंत विभागों के दंत चिकित्सक शामिल थे। कार्यक्रम के मुख्य अतिथि वक्ता डॉ दिव्य मल्होत्रा थे। डॉ दिव्य ओरल और मैक्सिलोफेशियल सर्जरी के क्षेत्र में सबसे प्रतिष्ठित चिकित्सकों में से एक हैं। डॉ दिव्य ने उन्नत जाइगोमेटिक अवधारणाओं का उपयोग करके जाइगोमेटिक इम्प्लांट पर राष्ट्रीय और अंतर्राष्ट्रीय स्तर पर विभिन्न व्याख्यान प्रस्तुत किये हैं। उन्होंने जाइगोमेटिक

और पेटेगॉइड इम्प्लांट के लिए विभिन्न चिकित्सकों को भी प्रशिक्षित किया है। डॉ दिव्य बायोलाइन इम्प्लांट्स से जुड़े हैं और स्माइल ट्रेन और हेड एंड नेक कैसर फाउंडेशन से जुड़े हैं। इस कार्यक्रम का शुभारंभ मुख्य अतिथि वक्ता डॉ दिव्य मल्होत्रा, आईटीएस-द एजुकेशन ग्रुप के चेयरमैन डॉ आरपी चड्ढा के द्वारा माँ सरस्वती के सामने दीप प्रज्वलित करके किया गया। उद्घाटन समारोह के दौरान संस्थान के डायरेक्टर-प्रिंसिपल, डॉ देवी चरण शेट्टी, ओरल सर्जरी विभाग के एचओडी के साथ-साथ संस्थान के सभी दंत विभागों के एचओडी एवं दंत चिकित्सक भी

उपस्थित रहे। इसके बाद डॉ देवी चरण शेट्टी ने सभी को संबोधित करते हुए सभी प्रतिभागियों को इस कार्यक्रम में भाग लेने के लिये धन्यवाद दिया। कार्यशाला के दौरान डॉ दिव्य द्वारा जाइगोमेटिक इम्प्लांट्स जैसे महत्वपूर्ण विषय पर व्याख्यान प्रस्तुत किए, जिसमें उन्होंने इस विषय से जुड़ी नवीनतम प्रक्रियाओं से सभी प्रतिभागियों को अवगत कराया तथा इसके बारे में तथ्यों पर सभी को पूर्ण जानकारी भी प्रदान की। उन्होंने जाइगोमेटिक इम्प्लांटोलाजी में शामिल सर्जिकल प्रक्रियाओं के साथ-साथ संकीर्ण और फायरों के बारे में बताया। इस एक दिवसीय कार्यशाला का

उद्देश्य दंत चिकित्सकों को जाइगोमेटिक इम्प्लांटोलाजी के क्षेत्र में ज्ञान बढ़ाना था। जिससे वह भविष्य में मरीजों को उतम तकनीक द्वारा बेहतर उपचार प्रदान कर सकें। डॉ दिव्य ने जाइगोमेटिक इम्प्लांटोलाजी स्किल्स को सराफ बनाने हेतु सभी प्रतिभागियों का मार्गदर्शन किया एवं प्रतिभागियों द्वारा पूछे गये सभी प्रश्नों के उत्तर भी दिए, जिसके लिये सभी प्रतिभागियों ने उनकी सराहना की। इस कार्यक्रम के माध्यम से सभी प्रतिभागियों को सर्वश्रेष्ठ क्लिनिकल ज्ञानवर्धक मंच प्रदान करने के लिए सभी ने चेयरमैन डॉ आरपी चड्ढा और वाइस चेयरमैन अर्पित चड्ढा को धन्यवाद दिया।

**REPORT**  
**WEBINAR**  
**"BEYOND THE NUMBERS: MAPPING RESEARCH IMPACT WITH**  
**BIBLIOMETRICS"**

**(26<sup>th</sup> April 2025)**

**1. General**

Bibliometrics offers more than just counting publications and citations—it provides a deeper look into the true impact of research. By mapping collaborations, tracing knowledge flows, and analysing emerging trends, bibliometric tools move beyond simple numbers to reveal the broader influence of scholarly work.

**2. Objectives**

The objective of the webinar is to impart knowledge on bibliometric analysis and its help researchers and institutions better understand and showcase the real reach and relevance of their contributions.

**3. About the event**

The webinar was hosted by the Department of Public Health Dentistry. The topic for the webinar was "**Beyond the numbers: Mapping Research Impact with Bibliometrics**" by renowned speaker **Dr. Amit Vasant Mahuli**, Head Incharge, Department of Public Health Dentistry, RIMS, Ranchi. Faculty members, postgraduate students and interns attended this program.

**4. Outcome**

The webinar was conducted on 26<sup>th</sup> April 2025 which was an attempt to explain the scope of bibliometric analysis.

**5. Conclusion**

The program was attended by faculty members, postgraduate students and interns. It highlighted the scope of doing MDS in Public Health Dentistry.

**6. List of Documents**

REMARKS

The machine discussed relevant  
element outcome measurement in the  
form of biometric analysis.  
This was a new & relatively unexplored  
topic for both pg's & faculty.

**Department of Pediatric and Preventive Dentistry**

**A Report on Webinar by Dr. M.S Saravana Kumar**

**on**

**"LI (Laser Intelligence) in Dentistry: A Clinical Guide for Dental Students".**

**General**

The webinar was organized by Department of Pediatric and Preventive Dentistry in Boardroom at I.T.S Dental College, Ghaziabad on Friday, 28<sup>th</sup> Feb 2025.

**Objective**

The objective of the webinar was to provide an in-depth understanding of the applications, benefits, and safety considerations of laser technology in modern dental practice. The webinar sought to enhance students' competence in integrating laser-assisted techniques for minimally invasive treatments, improving precision, patient comfort, and overall treatment outcomes.

**About the Speaker**

Dr. M.S. Saravana (MDS Pediatric & Preventive Dentistry, Standard Proficiency - IALD, LEI & UCSF, Advanced Proficiency - DABLS, FIAPD) is a distinguished specialist in pediatric oral health with over 15 years of experience. He holds the remarkable distinction of being the first in India to pioneer tongue-tie release procedures for newborns using LASER technology.

His vision and mission to revolutionize tongue-tie management began during his post-graduation in 2004. Since then, he has been dedicated to advancing the field through clinical expertise, research, and education.

### Lecture Content

The webinar provided an in-depth exploration of laser technology and its transformative role in modern dental practice. The session began with an introduction to the fundamental principles of laser physics, explaining concepts such as laser-tissue interaction, wavelength selection, and the mechanism of action of different dental lasers. The speaker emphasized the advantages of laser-assisted procedures, including enhanced precision, minimal invasiveness, reduced discomfort, and faster healing compared to conventional techniques.

### Outcome

The outcome of the webinar was that it enhanced participants' knowledge of laser physics, types of lasers, and their applications in various pediatric dental procedures, including caries management, pulpotomy, frenectomy, and soft tissue surgeries.

### Conclusion

The webinar was concluded with a felicitation by presenting an E-Certificate to Dr. M.S. Saravana

## **Department of Periodontology**

### **Event Report of Webinar on “Soft Tissue Surgical Procedures: When and Where” by Dr. Shiva Manjunath. R.G., Academic Incharge, Associate Professor, Department of Periodontology, Rajendra Institute of Medical Sciences, Ranchi.**

**28<sup>th</sup> September 2024 (Saturday)**

#### **1. General:**

A Webinar on “Soft Tissue Surgical Procedures: When and Where” was organized by Department of Periodontology and Oral Implantology, I.T.S Dental College, Ghaziabad on 28<sup>th</sup> September 2024 (Saturday).

A Circular **Ref.No.I.T.S-CDSR/Director-Principal/2024/182** dated **26<sup>th</sup> September 2024** was published for the program.

#### **2. Objectives:**

The objective of the webinar was:

- To provide participants with a comprehensive understanding of the various aspects of soft tissue surgery, enhancing their clinical knowledge and skills.
- To provide a thorough overview of relevant soft tissue anatomy to enhance procedural understanding.
- To explore various surgical techniques, their applications, advantages, and potential complications.

#### **3. About the Speaker:**

The Speaker for the program was Dr. Shiva Manjunath. R.G., Academic Incharge, Associate Professor, Department of Periodontology and Implantology, Rajendra Institute of Medical Sciences, Ranchi, Jharkhand who spoke on the topic “Soft Tissue Surgical Procedures: When and Where”.

#### **4. About the Program:**

- The participants were sensitized about various soft tissue surgical techniques, indications for their use, and the appropriate settings for these procedures.
- The speaker also highlighted about anatomy of Soft Tissues, pre operative assessment, post

operative care, Emerging trends and technologies in soft tissue surgeries.

- The program concluded with an interactive question and answers session and was appreciated by the audience with positive feedback about the knowledge shared in the program.

## 5. **Number of Attendees:**

Post Graduate Students and Faculty members were present during the webinar.

- Total No. of Participants: 48
  1. Number of Post Graduate Students: 37
  2. Number of Faculty Members: 11

## 6. **Outcome:**

The outcome of this webinar was to enhance the knowledge of the participants by deeper understanding of soft tissue anatomy, surgical techniques, and indications for various procedures.

## 7. **Conclusion:**

Our sincere thanks to our Honorable Vice Chairman, I.T.S-The Education Group, Shri Arpit Chadha for his invaluable support for such programs for the benefit of our students and faculty also.

## 8. **List of Documents:**

**1. General**

Webinar was organized by the Department of Oral and Maxillo-Facial surgery on 30 May 2025at Kalpana Chawla Auditoriumtitled – “**Minimally Invasive Orthognathic Surgery**”.

**2. Objectives**

The objective of the Webinar was to educate and update the participants about orthognathic surgery and advances in minimally invasive techniques.

**3. About the program**

The Webinarwas carried out in the Board room. The topic for the webinar was“**Minimally Invasive Orthognathic Surgery**”. The coordinator of the program was Dr. Amit Gupta and moderators were Dr.Arunkumar K.V. The renowned **Dr. Ritesh Rajan**, Professor, Department of Oral Surgery, SVS Institute of Dental Sciences, Mahabubnagar, Telangana was invited as the speaker.The program included discussion about orthognathic surgery and advances in minimally invasive techniques.

The following is the summary of attendees for the program.

- a) HOD & Senior teacher faculty
- b) Postgraduates and interns

**4. Outcome**

The attendees got an update and insight on orthognathic surgery and advances in minimally invasive techniques.

**5. Conclusion**

The program concluded with an interactive question and answers session and was appreciated by the audience with positive feedback about the knowledge shared in the program.

# WEBINAR PROGRAM PHOTOS

# **I.T.S DENTAL COLLEGE, GHAZIABAD**

## **Department of Orthodontics & Dentofacial Orthopedics**

### **EVENT REPORT**

**Webinar – 30<sup>th</sup> Aug 2024 (Friday)**

**“3D-Printing in Dentistry”**

#### **1. General**

A Webinar was conducted by the Department of Orthodontics on the Topic “3D-Printing in Dentistry” by renowned speaker Dr. Abhishek Gupta on 30/08/2024, Friday.

**2. About the Speaker** -Dr. Abhishek Gupta is the Head of Digital Dentistry department at Hitkarini Dental College, Jabalpur, MP. His area of clinical expertise is Digital Dentistry which includes in- House Aligners, 3D Printing and digital planning of various orthodontic appliances. Dr Abhishek embarked his journey in digital dentistry after establishing his own digital dentistry setup consisting of world class Desktop Scanner- Intra Oral Scanners, Milling unit, and other world class software’s in 2019. Since then he has incorporated all the advanced equipments in his privately owned lab. Beside this, he has also established digital lab in Hitkarini Dental College, Jabalpur, M.P. He has also mentored numerous In Office Aligners Courses and has conducted workshops, training 100 plus Orthodontist across India.

#### **3. Objectives**

The objectives of the Webinar were to:

- Introduce new 3-D printing technology to the students
- Evaluate the clinical benefits and precision achieved with various types of 3D Printing systems.
- Steps involved in 3D Printing with various printers.
- trouble-shooting with 3D printing

#### **4. About the event**

A Webinar was conducted by the Department of Orthodontics & Dentofacial Orthopedics on the topic “3D- Printing in Dentistry” by Dr. Abishek. The speaker elaborated on various 3D Printers

available for printing of Aligner models as well as various other applications of these printers in fabrication of guided splints in prosthetics implants. Attendees gained valuable insights into integrating 3D Printing and digital workflow in their practice.

## **5. Attendees**

The following is the summary of attendees for the programme.

- a) Total no. of Postgraduate students who attended the programme: 29
- b) Total no. of faculties who attended the programme: 08
- c) Interns- 3

## **6. Outcome**

The attendees gained knowledge about the different types of printers available with the pros and cons of each type of printer.

## **7. Conclusion –**

The webinar was well attended by interns, post-graduates and faculty and gave a working knowledge of 3d printing technology in dentistry in general and orthodontics in particular.

## **8. List of Documents**

S. No.	Name of Documents
1	Circular No.-Ref. No .I.T.S-CDSR/Director-Principal/2024/129
