E-mail : dental@its.edu.in www.its.edu.in

TO WHOM SO EVER IT MAY CONCERN

5.1.2 Following are the answers of the queries asked

Query1: The HEI to provide copy of the circulars/brochure/reports of the event date wise signed by the coordinator and countersigned by the Principal.

Capability and enhancement scheme copy of official circular released is been attached with the documents. These circular are signed by the Principal of the college and coordinator of the event

Query 2. Geo tagged photos with date and caption for each schemes and events

Geo tagged photos of these workshops and programs are not available since these events were not conducted offline due to pandemic. Events conducted before 2021 was not Geo tagged as geo tagging started in the year 2021

Query 3 List of events conducted and number of students enrolled of each of the event. The HEI has claimed same event multiple number of times in different years

List of programs conducted along with the number of students attended has been mentioned (Excluding Anti ragging, cancer Awareness lecture and cancer prevention and palliative care). These Events are well planned activities and scheduled in the beginning of the session. Same event are conducted by different person in different academic year with different event titles which has been mentioned in the academic calendar.

Stress buster is a activity to relax students brain conducted on last Saturday of every month since 2018 where students had given half day off on every last Saturday and allowed to perform various mind relaxing activities in auditorium.

Basic Life support is a requirement for employability skill development as it is important for the students which is a proof for a doctor/dentist and gives them a added advantage during placement in hospitals/ government setups/ private clinics. Therefore we have included this course under this heading.

Query 4: One day yoga in a year is not a capacity building and skill enhancement.

International yoga day was celebrated which begins with a lecture followed by a series of asana which is a week long program conducted in the Gym of the college with a help of a yoga instructor. The course conductor leads the program with a 12 hours workshop which is followed for 4 days (2 hours in a day) attended by all the participants.

Query 5 The HEI to provide copy of time table of capacity building and skills

Academic calendar has been attached for the capacity building and skill enhancement programs for the year 2021 and 2022

Anti ragging, cancer Awareness lecture and cancer prevention and palliative care lectures are even though held as a flagship events and highlighted in the academic calendar but has been omitted from the criteria as suggested by your goodself

CIRCULAR

(To All HOD's/Faculty)

Ref. No. Director –PG Studies/ITSCDSR/2018/109

November 19th, 2018

The college has decided to conduct a one day course on AHA BASIC LIFE SUPPORT (CPR & AED) certified by the American Heart Association. At the end of the training the participants would be eligible for universally recognized certification in Basic Life Support.

The course will include training on:

1. CPR
2. Bag Mask Techniques and Rescue Breathing
3. Use of Automated External Defibrillator,
4. Choking – Adult/ Child /Infant and
5. A test for competency.

The Training faculty would include Doctors, professionally trained and certified by the American Heart Association (AHA). Upon course completion a certificate of American Heart Association would be awarded to each participant after written test and skill test which would be valid for two years.

The training fee would be Rs. 3500/- per (Inclusive of all taxes) trainee which would include the study material and the certificate.

It is mandatory for two faculty members to participate in this important skill upgradation program from each department. The fees for this program for the faculty can be reimbursed from their respective allocated conference quota.
